

HALCYON HOT SPRINGS MINERAL WATER

Halcyon: Quiet and serene with no better name. The natives first utilized this wondrous water. They called it "Great Medicine Water" for its amazing ability to cure all kinds of sicknesses from nervous to muscular disorders, to liver, kidney and stomach ailments.

The first bottling works was erected in 1898. The water itself was proven to be six times stronger in Lithia than any other spring in North America. Large orders were received from places as far away as London, England.

We are carrying on the tradition, sharing our healing waters with you. Why? Because, like General Dr. Burnham, we too believe that the "water was put here for all mankind". From us, here, in the pristine mountains of British Columbia, to you, wherever you may be.
